“The Preston Area Community Foundation grants, to assist with the restoration of the historical elevator, boxcar and caboose, have helped in making our achievements a success.”

Richard G. Petsch, Past President, Preston Historical Society

What is the Preston Area Community Foundation?

The Preston Area Community Foundation (PACF) is a nonprofit organization developed to serve the cities of Preston and Fountain and surrounding townships including the Fillmore Central School District. PACF offers an opportunity to strengthen the present and make the future more secure by granting funds to enhance community assets and local needs. Funding is provided for recreation, health, education, the arts, culture, beautification, historic preservation and other community opportunities.

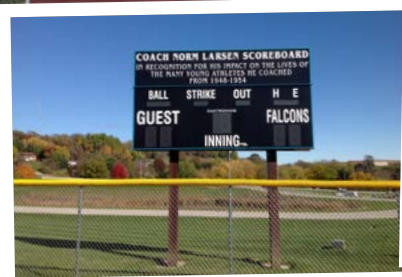

How does the foundation work?

Grassroots donations make up the majority of the PACF's endowment fund which is the cornerstone of its philanthropic mission. Grant distributions are made from the endowment fund's earnings to nonprofit organizations for worthwhile local projects. Therefore, any donation made to PACF will enhance the local community now and for future generations.

PACF's funds are managed and invested under the legal framework of the Southern Minnesota Initiative Foundation. SMIF provides financial resource management, technical assistance and programming advice to PACF.

What are the advantages of donating?

Families, individuals, businesses, corporations and service clubs are encouraged to make contributions and feel confident that the funds will be prudently managed under the direction of the PACF Board of Directors, a volunteer group of local residents. Gifts to the foundation are **tax deductible** and are a safe and effective means of charitable giving for local causes.

Our mission for the Preston Area Community Foundation is to serve the greater Preston and Fountain areas by supporting programs and projects that improve the quality of life and build a stronger community.
